**Subject:** 16 yards of saussages!

Hi Anna

Just wanted to let you know that I've made 16 yards of sausages (I know this cos I had a 20 yard hank of casing and there's only 4 yards left) and a heap of burgers from the pork I collected this morning.

The pork was so easy to deal with, really well prepared - just needed to cut it into Kenwood sized pieces and away the mincer went. Managed to get some burgers ready for lunch - just so we could check the seasoning ..... wow, that pork is amazing, so moist and succulent and tasty. I just use a very basic simple recipe with salt, black pepper and herbs and some home made breadcrumbs - so you can really taste the pork and it's super!

Do you have anywhere on your website where I can put my comments or do you prefer them on Facebook? - I have a Facebook thingy, but am not very good with all this social networking and Twittering - I'm more at home with spreadsheets and bank statements!!

Many thanks for your help and hope to meet you sometime, I'm going to try and link that sausage now .....!!

Regards

Alison
