Subject: pig

Hello

This is a message for Anna. I thought I had her phone number but didn't – so looked on the web and found your very good website.

As Anna knows I am the vet at Mounfield's slaughterhouse.

I want to put some pork in our freezer – so of course want to have it slaughtered and butchered at Bubwith. I am very impressed with your pigs – both in the ethics of your rearing systems and how the actual pig carcasses look.

So I was wondering if I could buy a pig from you?

If you agree – you could put an extra pig on the load next week. You could let me know how much and I would leave a cheque (or cash) with James for you to pick up when you pick up your meat.

With best wishes

Anne
